

VOL. XXXIII.

UPLAND, CALIFORNIA, TUESDAY, JANUARY 3, 1928.

SCHOOL CENSUS IN COUNTY COMPLETED AND DATA IS READY

29,602 Children Under 18 Are
Listed—Three Months
Taken For County

1075 RESIDE IN UPLAND

About 21 Percent of Total
of Mexican Parentage—
22,301 Caucasians

Completion of the census on minors that has been under way in the school districts of the county during the last three months, discloses there are 29,602 children in the county under 18 years of age. In every district but San Bernardino, the census figures are based on children from infancy up to 18. San Bernardino, however, was not required to take the census this year, securing special permission from the attorney general to delay its census until 1930, having just completed a census of minors a year ago, before the state law making a census on minors compulsory every three years became effective. San Bernardino's figures, therefore, are based on last year's census.

7,830 Minors in San Bernardino
The report shows there are 7,830 minors in San Bernardino under 18 years old, those being the figures submitted from last year's census.

The figures will be forwarded by Miss Ida M. Collins, county superintendent of schools, under whose direction the census was taken, to the state superintendent of public instruction.

Of the total census 6,230 or about 21 per cent are Mexicans. White children in the county total 22,301. The remainder are divided into 196 of the black race, 26 of the yellow race, 121 of the red race, 58 of the brown race and 167 Japanese.

Figures Shown in Racial Lists

In San Bernardino the last census of minors a year ago showed 6,323 white children, 1,323 Mexican, 35 Japanese, 85 of the black race, 14 others of the yellow race, and 31 of the brown race.

By districts the report shows the following minors:

Alta Loma	184
Amboy	18
Apple Valley	65
Bagdad	17
Barstow	520
Big Bear Lake	86
Bloomington	503
Camp Baldy	21
Central	188

Three Persons Injured Following Auto Crash

Jean White, age 15, and Elinor White, age 17, of 724 North Gramercy place, Los Angeles, were painfully hurt at 2 A. M. New Years Day, when the motor car in which they were riding with two youths figured in an accident on East A street, Ontario. The young men, said to be P. Goddard of Ontario and a youth by the name of Anderson of Pomona, escaped serious injury. Details of the accident could not be learned.

The girls were taken to the San Antonio Community hospital, where they were attended by Dr. W. M. Chapman. Jean White was suffering from severe cuts about the face and her elder sister from abrasions and bruises. They were able to leave the hospital after being given surgical attention.

C. J. Lindstrom was able to return Monday afternoon to his ranch home on Schaefer avenue, to the south of Ontario, after being treated by Dr. G. J. Fleming for injuries sustained about the head in a motor accident near here early Sunday morning.

Details of the Lindstrom accident could not be learned, either. He is said to have been accompanied by W. H. Willman of Los Angeles at the time of the mishap.

UPLANDER INJURED WHEN CARS COLLIDE

San Bernardino Man Hits
Puehler Car Near Red Hill
Country Club

Rudolph Puehler, well-known Upland citizen, was today at the home of his father-in-law, Charles Bower, on the Foothill boulevard, Cucamonga district, suffering from injuries about the head, severe cuts and possible internal injuries as the result of a motor accident Friday night on the boulevard near Red Hill Country club, in which a car driven by Paul W. Myers, 268 F street, San Bernardino, is said to have hooked front wheels with the Uplander man's car and to have turned it over.

According to Patrolman J. L. Loch of the Upland police force, who investigated, Myers was going east on the highway and, failing to turn sufficiently at a diagonal twist in the road near the country club, hooked his left front wheel onto that of Puehler. The wheel of Puehler's car was torn off, the car tumbled and the driver thrown to the pavement. Puehler was taken to the home of his father-in-law, not far distant and Dr. John B. Craig called to attend him.

Myers was taken into custody by Officer Loch. An examination of the San Bernardino man by Dr. Craig indicated that he had been drinking but he was declared not intoxicated. He was liberated following the examination.

The accident was witnessed by V. S. Vampel, whose car was run into the ditch by the collision of the two.

"10 MODERN COMMANDMENTS"
STARTS AT COLONIAL TONITE

Tonight and Wednesday Esther Ralston in "Ten Modern Commandments," a story of backstage strife, life, love and laughter, with Neil Hamilton, is the feature at the Colonial Theatre.

Thursday and Friday Bebe Daniels in "She's A Sheik," with Richard Arlen, William Powell, Josephine Dunn and James Bradbury, Jr., will be the feature. On Friday and Saturday the new 12 Pathe Serial, "The Masked Menace," starring Larry Kent and Jean Arthur, a story built around the character "Still Face" will start its run of ten weeks.

Mr. and Mrs. Fredrick Kirk of Santa Paula spent New Years day with their parents, Mr. and Mrs. L. N. Kirk, 429 First avenue.

Miss Annabelle Instanes, who is in training at the Los Angeles County Hospital, visited Upland and Ontario friends today.

PROSPERITY PARTY DRAWS ASSEMBLAGE TO GREET NEW YEAR

F. H. Manker Gets First Prize
At Mac's Annual New
Year's Event

MANY OTHER LUCKY ONES

Numbers Will Be In Effect
Until Saturday Night
January 7th

F. H. Manker and Lady Luck were romping around together Saturday night but F. H. didn't know it until New Year's when he found in his pocket a little green ticket bearing the number 125,969.

In vain, Saturday night did C. E. Puckett broadcast at Mac's Prosperity Party that number 125,969 was the number which gave to the bearer the \$100 bank account, but there was no one in all the throng who had the famous number.

Mrs. T. Regan was also lucky for she discovered that she had ticket number 101,708, which was the number that gave the owner the \$75 merchandise order on any community store.

Mrs. Clyde Duncan had ticket number 119,235 which meant just \$10 in merchandise for her.

A. K. Rae was proudly proudly bearing number 100,363 and received a \$10 merchandise order.

Mrs. Louise Marshall had ticket number 118,929 which called for \$5 worth of merchandise.

A. B. Van Deerlin, F. M. Scott, Mr. Colborn, Mr. Calavarez and Mr. Robinson all had numbers that called for \$5 in merchandise. Mr. Robinson was the only number to show up at the drawing Saturday evening.

If you have any of the following numbers in your possession go right over to Mac the Medicine Man's for there is anywhere from \$50 to \$5 awaiting you there: 120,742; 117,740; 124,800; 144,930; 124,796; 143,731; 142,800; 124,815; 115,433.

Promptly at the hour of 7:30 folks came to Mac's Prosperity Party and by 8 o'clock when the drawing was well under way Second avenue about Mac's famous place of business was one sea of faces. C. E. Puckett was director general and with megaphone in hand read the numbers as Miss Ruth Monroe, blindfolded, drew the numbers from the big barrel.

Fifty-seven numbers were drawn and the ones noted above are in effect until Saturday night, Jan. 7th. After that date the second numbers will be in effect until Jan. 14th.

TO SEEK CAUSE
OF ARROWHEAD

San Bernardino Landmark
May Be Accepted Soon As
National Monument—Soil
Tests To Be Made

Possibility that the natural arrowhead in the San Bernardino mountains directly north of San Bernardino may be made a national monument appears as a result of a letter from Congressman Phil D. Swing asking for soil samples of the arrowhead to be sent to Smithsonian Institution experts in Washington for examination, dispatches from San Bernardino say.

Before Congress can be persuaded to set aside the tract as a national landmark, proof must be offered that it is natural, unique in the United States and worthy of preservation. The report of the Smithsonian investigators, of favorable, probably will determine Congress to create the monument.

Examination of the arrowhead is expected to clear up the mystery as to what causes the phenomenon. Soil has been taken from the surface of the arrowhead, from a six-inch depth and from a depth of a foot. Three samples also were taken from a place 200 feet away from the arrowhead, for purposes of comparison. Upon these materials the Smithsonian investigation will be made.

New Publishers of News Now in Charge And Extend Their Greetings to Upland

With this issue of the News the new publishers make their bow to Upland. We are new in the work in this community and it is hoped that the readers will bear with us for the present and overlook any shortcomings in connection with the News. It will take some little time before it will be possible to become well acquainted with the field and its requirements. In the meantime the News publishers will put forth their best efforts to perfecting an organization that will work to produce a newspaper of which Upland can be proud.

Plans are being worked out for typographical changes which will alter the appearance of the News considerably. It will take several issues before the complete changes in this line are made, but when they are effected we hope the News will measure up in appearance with the best community newspapers in Southern California.

We come to Upland convinced that this is an extraordinary community. Months ago we visited Upland and it was then the outstanding place in our minds. We remarked at the time that it was just such a little city as this in which we would like to live. Little

did we know then that we would eventually locate here. Later, when it was ascertained that the purchase of the News was possible it was not necessary to "sell" Upland to us. In a word, we had that part settled in our minds long before.

The community has been most cordial since we arrived and we are deeply appreciative. We have come to stay and from now on Upland is our home. Our best work will go into the columns of the News and by this we hope we can give the community a newspaper that will be devoted solely to the interests of Upland and district. We hope to concentrate on local news and soon furnish the community with a newspaper that readers can feel is truly an Upland newspaper. We intend to keep in constant touch with our advertisers, giving them personal service and assistance in preparing copy and layouts.

Again we say, we like Upland and hope that the time is not far distant when you will feel that we really are part of this community.

JOHN HUNGERFORD, JR.

Camp Baldy Visitors Held For Drunkenness

J. F. Barnett, aged 22, and a salesman of Los Angeles; Chas. Ross, a welder of Los Angeles, were at Camp Baldy Village yesterday and were so full of Christmas cheer that T. E. Adams arrested them on a drunk charge.

Their bail was fixed by Judge Crane at \$15 and \$25 each and they departed for home sober and will remain so until their appearance before Judge Crane at a later date.

COURT GRANTS GRIER DIVORCE

Supervisor Awarded Decree In
Contested Case Heard
On Dec. 21

C. E. Grier of Upland, county supervisor, was Friday granted a divorce by Superior Judge F. A. Leonard from Mrs. Cless D. Grier.

The case, in which both Mr. and Mrs. Grier filed complaints for divorce on charges of mental cruelty, was heard Dec. 21 and submitted for a decision. In her complaint, Mrs. Grier asked that a property settlement be set aside and that she be awarded \$150 a month alimony. The property settlement was not set aside in the decision of the court.

Attorney Ralph E. Swing represented Mr. Grier and Attorney George Baird appeared for Mrs. Grier.

HUSBAND SUED FOR ASSERTED VERBAL ATTACK

Realty Broker Asks \$10,000
Damages For False Accusations In Suit—Claims His
Life Was Threatened

Damages of \$10,000 are asked in a complaint filed in the superior court yesterday by Edward Hull, Bloomington real estate dealer, from W. Reifsnnyder, also of Bloomington, for a verbal assault asserted to have been made by Mr. Reifsnnyder on Mr. Hull on Dec. 2, 1927.

Mr. Hull asserts that Mr. Reifsnnyder came to his office and threatened his life, after falsely accusing him of questionable acts with Mr. Reifsnnyder's wife. Mr. Reifsnnyder is asserted to have declared "I will fill your body with hot lead."

Mr. Hull states that the asserted threats have caused him continual worry and mental suffering and declares that he lives in fear of his life. Attorneys O'Connor & Findlay represent Mr. Hull.

Mrs. E. F. Drumgold, who has been spending the holidays with her niece, Mrs. E. A. MacLaren, left yesterday for Pasadena, where she enjoyed the Rose Tournament leaving in the evening for her home at Ojai.

FOOTHILL SPEEDERS START OUT YEAR BUT END IN COURT

Forty-five and Sixty Mile Gaits
are Order of Day Over
New Year's

ONE GETS UP TO SIXTY

Appearance Slips Given To
Half Dozen Others On
Similar Charges

That Southern California motorists are welcoming the New Year "in the high" was indicated today by the announcement that fourteen traffic law offenders, charged with doing all the way from 45 to 60 miles an hour, are slated to appear in the Upland police court before Judge George R. Craps.

O. G. Seltzer of Los Angeles took the prize for speed with a record of 60 miles an hour on the Foothill boulevard through this city. He was arrested by City Traffic Officer C. S. Lehman. The same officer gave appearance slips to Thelma de Long and G. E. Miller, each charged with 55 miles on the Foothill boulevard; and to W. H. Ormond, Ray Mondery, G. H. Keen and H. B. Pratt, each doing an alleged 50 miles. All are from Los Angeles. Dr. John Yirlikian of Hollywood is charged with reckless driving at a rate of 50 miles an hour on the Foothill.

Fifty Is Favorite

L. E. Volter, Jr., of Pasadena was arrested by Frank J. Freeman of the county traffic squad, on a charge of doing 50 miles an hour in the 15 mile limit on Mountain avenue and the same officer charged Garner Kolpke and F. C. Munshauser of Los Angeles with each doing 45 miles an hour in the same district. Ray Martin of Los Angeles was arrested by Officer Freeman for doing a reported 50 miles an hour on the Foothill boulevard.

L. E. Kronmeyer of the county traffic force instructed D. V. Goldberg and Alec Bennett, each of Los Angeles to appear before Judge Crane after he had arrested them for doing 50 miles an hour on the Foothill boulevard.

NEW OIL FIELD IS SEEN NEAR CHINO

Drilling Has Been Started At
Pate Ranch In Rincon District—Large Acreage Leased
By Long Beach Syndicate

Expressing the firm conviction that a new oil field will soon be developed south of Chino, L. B. Riggins of Long Beach and formerly with the B. & G. Development Company, who made an unsuccessful effort to find oil at the corner of Ramona and Franklin avenues east of Pomona last year, has announced that a syndicate of Long Beach and Los Angeles men are drilling on the Pate ranch in the Rincon district.

The syndicate has leased several hundred acres in the district. Including the Pate ranch. Mr. Riggins stated the well was now down 300 feet and had already encountered blue shale in sufficient quantities to furnish all the mud needed for their operations.

A 12-inch hole will be driven a depth of 800 feet, after which it will be reduced to eight inches. Casing is to be set as fast as needed and corings will be taken every hundred feet from the 500-foot level.

A number of well known geologists including Messrs. Hogue of Los Angeles, Johnson of Portland, A. B. Clark of Pasadena and Roby of Long Beach, the latter of whom located the Los Alamitos field, have all passed favorable opinions on the field and are unanimous in their opinion that it would prove to be a shallow field, that oil structure is perfect, and that a well should be brought in around the 1,200-foot level.

Many friends of the late Rev. Fr. Patrick Bradley, pastor of St. George's Catholic church at Ontario, motored to Los Angeles yesterday, where they attended the funeral service, which was held at St. Vibiana's Cathedral.

Glenn D. Smith will remain as manager for the Edison Company of the Ontario Power Company, while Robert Matley will be head of operations of the San Antonio Water Company and Albert C. Reynolds will be the office manager.

Windows are Shattered; Santa Takes Back Rifle

Santa Claus has been requested by the mother of an Ontario small boy, whose name was not divulged, to take back a .22 rifle which he left the lad for Christmas, it was announced today by members of the Ontario police force, following their investigation of a smashed window in the neighborhood of East C street.

The police were called in investigate a case in which it was found that a bullet had broken a window. After considerable reconnoitering, the officers discovered a block distant a home-made shack in which several small boys were indulging in rifle practice. It was discovered that the boys had been shooting at a target hung on the wall of the shack. That they were in real need of practice was evidenced by the fact that one of the bullets entirely missed the target and entered the window of the house a block distance.

After being informed of the occurrence, the mother of the proud owner of the gun, took the weapon away from the boy and gave her assurance that he would not further endanger the life and property of their neighbors.

EQUIPMENT ARRIVES FOR RIDING ACADEMY

Horses and Other Equipment
Will Be Ready—Tomorrow
Opening Date

Riding horses and equipment will arrive at the Upland Riding Academy tomorrow and from that time on any one desiring to rent a riding horse may do so.

Such was the announcement today made by Jacob Voight, who conducts riding academies at Beverly Hills, Los Angeles and Long Beach.

The stable at the corner of Thirteenth street and Fifth avenue is now completed and the riding ring is under construction, and when completed those desiring to take lessons in horse back riding may do so.

Present indications are that Upland's famous bridge path up Euclid avenue between the pepper trees is destined to become one of the most popular riding paths in this section of the state. Set out some fifty years ago by Charley Brothers when they established the colony here, Upland is just that many years ahead of other communities in building a bridge path.

Up at Twenty-fourth street those desiring may ride over the heights or go on into San Antonio Canyon or take the road that leads into Cucamonga Canyon. Many interesting trips will be found over the foothills and riders will enjoy every step of the trip.

COOPERATE FOR SCHOOL'S SUCCESS

The splendid spirit of co-operation shown by the churches and citizens of Upland is one of the features of the coming Union School of Religious Education which strongly appeals to Rev. James A. Stavely. With three churches actively making the plans for the school it is bound to be a success.

The necessity of personal work for the school is also strongly urged by Rev. Stavely. The press and the pulpit are giving splendid co-operation, but the responsibility is with every citizen who is interested in the community to be present and bring others to the school.

Six Tuesday evening sessions are to be held, beginning Tuesday, January 10. There will be two class periods each evening, a short assembly between the periods. The first class period will start at 7:15, making it possible for everyone to be present, after the evening meal is eaten at the homes.

Different rooms of the Presbyterian Church building will be used for the classes.

Nothing Like a Man
Bride-to-be: What do you use to clean the carpets?
Hostess: I've tried lots of things, but I've found my husband the best.—Passing Show.

GROWERS RECEIVE ONE MILLION AID TO PREVENT DECAY

President of County Fruit
Growers Explains Gift To
Growers

NEW PROCESS IS FOUND

Many Shippers Begin Preparations—Packing Houses
Now Using It

"All that I have come from the citrus industry. Therefore, I felt that I owed some return to this industry."

In this brief, matter-of-fact fashion, A. H. Morgan of Rialto, president of the San Bernardino county Fruit Growers' Exchange, explained the motives which prompted him to confer a gift conservatively estimated at \$1,000,000, on the citrus fruit growers of California and the nation generally.

This gift in the form of a new process developed by Mr. Morgan to prevent decay of oranges and lemons, was bestowed just recently with a mere announcement by Mr. Morgan that it was free to any citrus grower who desired to use it.

However, in spite of the casual manner in which the gift was made, citrus growers are hailing it as a vital contribution to the industry.

Already Put in Use

Scores of shippers have already begun preparations to use the new process, dedicated to the industry at a time when it was heavily hit by a ruling of the federal courts that the old, so-called borax process was privately owned and that they would have to pay a 3-cent box royalty for its use.

Mr. Morgan has been notified that two dozen packing houses in northern California have established his process under the direction of the United States department of agriculture and the California Fruit Growers' Exchange.

Asked how he happened to donate the valuable formula to the industry, a quiet smile and shrug was his answer.

"Well, the industry gave me everything I own in the world today. It is entitled to some return from me. I knew the value of the process, of course, but felt also that I owed this service to the citrus industry."

"I have found this process to be an efficient and inexpensive means of controlling decay, and I am simply passing it on. Its use will determine its merit."

"The process has been extensively tested and found to be effective in every case. A shipment of fifty oranges, treated under Mr. Morgan's formula, was sent around the world. The oranges were handled some five hundred times in transit. Four months later the last of the fifty oranges tested was returned to Mr. Morgan in perfect condition."

A bulletin officially announcing the dedication of the new process to all citrus growers has been issued by the California Fruit Growers' Exchange in Los Angeles.

It sets forth that the materials cost about half as much as those in the old process. It adds that the formula, in tests so far conducted, "is at least as promising in results as the government borate process."

Citrus fruit shippers declare that the formula is worth millions of dollars. Some idea of its value can be obtained when it is remembered that under the so-called borax process, the royalties reached \$12 for each car.

True to Form

Mazie: Bob wants me to wear a grass skirt to the masked ball.
Hazel: What are you going to do about it?
Mazie: Oh, I'll wiggle out of it.

The Dear Friends

Mrs. Smith: Did you know that your former maid is with us now?
Mrs. Smythe: You don't say so!
Mrs. Smith: Don't be frightened; I only believe half what she tells me.—Flegende Blaetter, Munich.

The Upland News.

Entered at the Upland, California,
postoffice as second class mail matter.

It took the politicians a long time to realize that President Coolidge means what he says. Now that he does not choose to run for the Presidency, he is being groomed for college president. He would make a great prey where executive qualification of a high order is needed. But what a fizzle he would make where the McNary-Haugen bill needs a campaign of education.

The judgment of the country is that William Randolph Hearst made an unfortunate choice of staff when he took up that Mexican propaganda. After all, that is the sort of stuff he has been feeding his readers for a score of years or more. Be it ever so rank that it would smell to heaven it would be selected as most suitable for the Hearst string of papers. He knows what morbid people want and that's the kind of palubum he feeds them.

Very likely Lindbergh and Will Rogers have done a lot of good in smoothing down the rough places in our relations between this nation and Mexico. But the situation is far from ideal yet. The man of blood and iron at the head of that so called republic as is keen as ever to shoot down all who cross his path or get out of line in the downward march he forcing an oppressive people to take.

Inhabitants of Fordham and nearby New York suburbs were frightened the other day by the visitation of a fairly vigorous earthquake. These seismic disturbances are not peculiar to any section of the country. This old earth is not particular where it breaks out when its tummy begins to hurt and relief must come from undue expansion. In other words, California is not alone in having such growing pains.

The old biblical dictum that the wages of sin is death is as true now as when it was first uttered. As a man soweth so shall he also reap. The youth who committed the unspeakable crime in Los Angeles is now a craven prisoner waiting the inevitable punishment of his heinous action. Effect follows cause, it can not be averted.

Kansas City has been lagging behind for the last few years and now that the Republican national convention is to be held there things are beginning to pick up. Think of a great industrial center being benefited by the flow of oratory that is sure to emanate from the convention hall. All that verbal output may help of freeholders and aspirants to office, but little practical good is apt to come in starting the wheels of industry. Kansas City will have to get busy along other lines.

President Coolidge is suspected of leaning toward the dries because in his annual message he favored law enforcement. It is plain that he has no sympathy with nullification of the constitution. He would be unworthy of his past if he did not make it plain that this is a government of law and enforcement of the law. Such notable opponents of law enforcement as the Chicago Tribune and New York Times have found little comfort in the president's attitude.

Senator Willis of Ohio is an announced Republican candidate for president. He is strong in Ohio and like Curtis of Kansas also an avowed candidate, is regarded seriously only as a compromise if the convention gets into a prolonged time, is conceded to have greater deadlock. Lowden, at the present time, is conceded to have greater strength than any other candidate, and he has not announced. He has, however, indicated his approval of the activities of his friends and supporters.

When the Beverly Hills editor suggested Will Rogers for United States senator he little knew how far the little candle would throw its beams. The boomlet became so inflated that the humorist has been taken in many parts of the country as a real candidate for Hiram's seat. Now that it is known that the inimitable Willis is a dyed-in-the-wool Oklahoma Democrat the process of deflation has set in. Hiram has nothing to fear from Beverly Hills. He may be spared to continue his efforts in behalf of the Boulder dam.

Now Herbert Hoover comes in for attack from an unexpected quarter. Some constitutional lawyers affect to believe he can not qualify under the provision of the constitution that a president shall be a resident of the United States for fourteen years previous to taking office. The contention is that he has been out of the country and was not a resident in the sense required by the provision referred to. It is not at all likely that the supporters of Hoover are disturbed by the objections raised by those political hair splitters. Hoover is the best bet up to this time of writing.

J. Pierpont Morgan evidently believes in the strenuous life. He succeeds the late Judge Gary as head of the United States Steel corporation and now performs the additional functions of another busy man in an important place. He may taper off to a golf player, not perhaps till he gets as old as the noted John D. The directors of that corporation realized the difficulty of filling Judge Gary's place, so concluded that the big job required the services of a busy man. Hence the choice of one of the busiest men in financial or industrial life of the nation.

All Second Liberty bonds were called for redemption November 15, 1927, but there are yet outstanding \$150,000,000 which will of course draw no interest. The Victory loan bonds matured in May, 1923, but there are bonds amounting to more than \$2,000,000 unrepresented for redemption. There are many bonds of civil war issue, although long since matured, that have as yet not been presented to the treasury department for payment. Some have no doubt been lost, others in some manner destroyed. Eager as we are to make and keep money, many are extremely careless with bonds and securities as they all are careless with currency.

Mrs. Frances Wilson Grayson seems to have made one attempt too many to fly across the briny deep. In her third trial to do what Lindbergh and Chamberlin did with apparent ease and safety, she seems to have disappeared and sunk without a trace. Nothing has been heard of her since she left Roosevelt field, evidently failing to reach even Newfoundland. The government has been largely imposed upon by these impractical persons with consequent expensive searches after they failed and disappeared in the ocean. If fools will hazard their lives there is no reason why the government should spend money and efforts in needless search to recover the wrecks.

MISSCARRIAGE OF JUSTICE
Remus, the Cincinnati lawyer and ex-bootlegger king, has been cleared of the charge of murder by a sentimental jury, though he admitted shooting his wife in cold blood. He took recourse in the bromide plea of insanity and the jury decided in his favor. By pleading insanity he saved his neck as many a criminal has done before.

There is no reason to wonder at the continuance of the crime wave when criminals are set free by courts and juries because of technicalities and devices brought forward by criminals and clever and unscrupulous lawyers. The miscarriage of justice in the Leopold and Loeb case was due to the character of the defense and the cleverness of their attorney, Clarence Darrow. The unspeakable crime of Hickman in Los Angeles was inspired largely by the case in Chicago, where the morbid desire to kill and mutilate dominated a disordered mind. The result wherein the extreme and a just punishment was averted demonstrated the possibility of escaping the gallows. Undoubtedly Hickman expects to escape hanging. Already a noted criminal lawyer is on hand from Kansas City to save his neck.

It is true in the case of criminals that while there is life there is hope, of ultimate freedom. Miscarriage of justice creeps in through mistaken judgment of parole boards and pardoning powers if from no other source. When it becomes clear that the sentence of courts and juries will be carried out without questionable interference there will be a check on crime at the hands of degenerate and perverted criminals.

TEAPOT DOME RECOVERED
The noted Teapot Dome oil property passes back to government control as the result of a recent decision of the federal court. The transaction that brought it to national attention was one of the notable incidents of the administration of President Harding, and marks a chapter in the history of

graft among federal officials and the corrupt use of money by such men as Harry Sinclair, the oil magnate.

Disclosures in the case came about in an incidental way. Carl Magee, who had gone to Albuquerque to run a newspaper, fell out at an early stage with the political cohorts of Albert B. Fall, secretary of the interior. In his paper he noted what seemed to be a strange intimacy between the secretary of interior and Harry S. Sinclair. The most significant part of his observations was the presence of Sinclair's private car for three days on the side track in front of Fall's New Mexican ranch home. Sinclair's visit attracted special attention. Fall, not long after, lifted a large mortgage from his real estate holdings and shipped in several car loads of blooded stock. Editor Magee called attention to the change in Fall's fortunes and a senator at Washington who has a liking for investigations had the editor summoned to Washington to explain his newspaper innuendoes. He responded and gave his version in a modest way, leaving the senators to draw their own conclusion. He was reproved by Senator Smoot for casting reflections on the honorable (?) secretary of interior. But the plucky editor poked his fist in the face of the Utah senator and told him not to question what he had testified to under oath. One of the results of Magee's testimony was the investigation that followed by a special committee in which one of the malodorous scandals in the history of the government was opened up. Crookedness and graft that was thought impossible under our system of administration was laid bare. Two cabinet officers retired under a cloud, indictments followed with others and the names of many men who hitherto had apparently lived lives of rectitude have been sullied for all time.

The decision of the court that has returned the property to its rightful owner gathers new confidence in the righteousness of our laws and the effectiveness of courts in protecting the rights and property of the people.

WATTENPAUGH IS COMMITTEE HEAD

Closer Union Between Chaffey High School and the N. E. Assn.

Steps have been taken to make a closer connection between Chaffey Union High school and the National Education Association in the appointment of Dr. F. M. Wattenpaugh as Committee Chairman on N. E. A. relations. J. W. Crabtree, secretary of the National Association, who provides this information for us, considers that the institution is fortunate in having as its committee chairman one who is not only a constructive thinker and leader, but one of exceptionally high standing in the profession. The chairman will be informed as to the policies and activities of the Association who will, in turn call the attention of the faculty to important matters.

Every college and university has been requested to appoint a representative and more than half of them have already complied with the request. Secretary Crabtree expects great results from this plan. He declares that the college is now the weakest link in the organized profession. While college professors have been devoted and loyal to their technical groups, they have not, as a rule, been greatly interested in problems relating to the larger fraternal wel-

AMERICAN LEGION NOTES

The United States Veterans' Bureau at Washington has been ordered by the director, Gen. Frank T. Hines, to inaugurate a general campaign to assist in finding employment for disabled World War veterans, according to word received by State Adjutant James K. Fisk of the American Legion. Fisk expresses the opinion that this effort in which the American Legion Posts of California will co-operate will mark one of the most progressive acts that has been undertaken by General Hines since the beginning of his administration of the Bureau's activities.

American Legion Posts throughout the country will assist in the movement, and General Hines, with his bureau's fifty-four field offices, and the bureau's thousands of employees, hopes to effect contacts with employers that will result in a general employment of disabled veterans, and especially those discharged from government hospitals.

General Hines has directed letters to his regional managers calling attention to that part of the World War Veterans' Act which states "that the Bureau shall have the power, and it will be its duty, to provide for the placement of rehabilitated persons in suitable or gainful occupations."

The director calls attention not only to those rehabilitated by the bureau under the Vocational Rehabilitation Act, but to those rehabilitated in bureau hospitals.

Former contacts with civilian agencies are to be renewed, and attention also is called to the fact that in filling positions within the bureau that preference be given to persons with service record.

State Commander Phil Dodson of the American Legion of California will unfold an extensive program of work for the members of the various units of the World War veterans' organization in this state at a meeting of the executive committee of the Legion to be held at Pasadena.

Commander Dodson has included on his program for the Legion Posts the following activities: Boy Scout work, community betterment and community service, child welfare, rehabilitation and care of the disabled and sick veterans; reforestation and the move for the erection of fire-proof barracks at the veterans' home at Sawtelle.

Many other features are also included in Dodson's program. National Commander Edward Spafford of the Legion will be in attendance at the meeting.

He gives this as one of the reasons why colleges have been so slow in readjusting salaries to meet increased costs and new conditions.

College instructors receive the lowest pay in the profession in proportion to the type of service to be rendered. The association urges better salaries for instructors and professors and better instruction in the freshman and sophomore years. The secretary predicts that within a few years, college faculties will be among the leaders at work on the problems of the profession, and that the college will be a more vital force in shaping the policies of the Association. He thinks the local institution will lead the way.

TO KEEP RECORDS OF CARING FOR GROVES

Meeting Held In Main Office Of Fruit Exchange On Last Friday

By way of enlisting the aid of packing house managers and growers of the Ontario-Upland-Cucamonga district in furthering the work of the University of California and the farm bureau in rendering practical assistance to the growers of citrus fruit, a meeting was held Friday afternoon at the main offices of the Ontario-Cucamonga Fruit Exchange.

This meeting was attended by many of the house managers of the district and by a number of prominent growers. The meeting was addressed by L. W. Fluharty, citrus expert of the University of California, and H. J. Wilder, county farm adviser.

Plans were outlined at this meeting whereby it is hoped to interest a number of local growers to keep careful records of the care of their groves and the cost of operation. This will be done over a period of five years or more and it is believed that the records will prove invaluable in arriving at im-

proved methods of production. For example, it may be found that some growers are irrigating or cultivating more than is necessary or vice versa. If it is found that growers who irrigate once in a given period are producing more fruit than those who irrigate twice in the same period, for instance, it would indicate that the frequent irrigators are spending a lot of money to no purpose.

Plans for interesting growers to assist with this work will be gone into more fully at a meeting of packing house managers to be held Jan. 16, according to Harry B. Harlow, manager of the Ontario-Cucamonga Exchange, and later Mr. Fluharty will return to talk to the growers who will thus cooperate.

Friday's meeting was arranged by Robert O. Price of Upland, who is president of the county farm bureau.

New Safety Device

Announcement of installation of an important new safety device was made by the Pacific Electric company at today's session of the county governing body. Automatic block devices will be placed on all interurban cars, operated by the transportation company, and the county has been asked to unite with cities in placing of traffic control "buttons" so that they will not interfere with the new safety

equipment. A clearance of 18 inches from the rails is asked in locating the buttons throughout the county and has been assured by the supervisors.

It's all right for Mr. Ford to build a new car, but looking fully up and down the street wonders where in the world going to put it.—Los Angeles Times.

SOCIETY

GROUP BREAKFAST AT FIRE LADDIES CABIN—

The fire boy's cabin in the San Antonio Canyon was chosen by a group of Upland folks as the setting for a delightful New Year's Day affair.

Leaving Upland at an early hour the party motored to the cabin where a nine thirty o'clock breakfast was enjoyed and where a happy informal time followed.

At a late afternoon hour a delicious chicken dinner was served and as a compliment to Mrs. Harry Plum, who was present and who had recently celebrated a birthday anniversary, a lovely cake, atop of which gleamed a number of tiny lighted tapers, held the place of honor on the dining table. Tall red candles and bouquets of holly added a further smart touch to the table appointments and among those spending the day at the cabin were Mr. and Mrs. Charles O. Deverts, Mr. and Mrs. E. C. Mehl and their two sons, John and Rodney; Mr. and Mrs. Harry Plum, Mr. and Mrs. Wesley Plum and their little son; Mr. and Mrs. C. K. Francisco and DeVon Francisco.

MRS. FRANCISCO HOSTESS TODAY—

Delightfully informal is the affair being given this afternoon at the home of Mrs. C. K. Francisco, 732 East Tenth street, where members of the Afternoon Bridge Club are being entertained. The hostess has chosen the lovely lavender tones as a decorative motif and the beautiful Scotch heather and gladioli play a leading part in the charming melange.

The guests are spending the afternoon at the card tables, where auction bridge is the amusement, prizes at the close of the tourney will be awarded to the one holding high score.

A dainty menu will be served at the close of the afternoon and among those enjoying the affair are the Mesdames I. J. Linkey, Ernest Mehl, Charles O. Deverts, L. N. Kirk, Glenn Atwood and Harry Plum.

FAMILY GATHERING AT LINKEY HOME—

Among the delightful family gatherings that marked the holidays was the dinner given by Mr. and Mrs. Eli Linkey at their home, 691 First avenue, when they entertained for the day their children and grandchildren.

A profusion of the brilliant Christmas decorations, were used throughout the rooms and a lovely tree, laden with gifts for everybody was the center of attraction.

The delicious menu was announced at one o'clock and covers were indicated for Mr. and Mrs. A. J. Linkey and their children, Miss Lois and Dwight, from Ontario; Mr. and Mrs. C. I. Linkey and their five children; Mr. and Mrs. J. I. Linkey and small Annette; Mr. and Mrs. H. C. Naylor and their son, Harold, and Mrs. Anna Benford of Monrovia.

DINNER COMPLIMENTS BIRTHDAY HONOREE—

Mr. and Mrs. Carl S. Graves, 771 East Ninth street, were hosts at a charmingly appointed dinner last evening, the affair complementing Adam Bryden, who celebrated a birthday anniversary yesterday. A profusion of greenery and attractive red crepe festoons were charmingly combined in the decorations and a lovely birthday cake, agleam with lighted candles centered the dining table.

Dinner was a merry affair and among those invited to spend the day with the honor guest were Mr. and Mrs. Edward Bryden and their son, Vernon Bryden; Mrs. Catherine Evans, Chris Niederham of Chino; George Day of Etiwanda; the host and hostess and their children, Ethel, Edward, Frances and Elma.

OPEN HOUSE AT WISELY HOME—

Mrs. Belle Wisely and her mother, Mrs. Mary Wilson, kept "open house" yesterday at their home, 1095 Washington boulevard, and during the day many out of town guests, several of whom had been old neighbors back in Illinois and Colorado, came to call.

The Wisely home was attractively decorated for the day with baskets of fragrant flowers and among those who came to renew old friendships were Mr. and Mrs. Harry Thompson of Pomona; Mrs. Alice Webster of Santa Ana and Mr. and Mrs. Bengele of Pomona.

ANNIVERSARY PARTY CHARMING AFFAIR—

Mr. and Mrs. B. F. Anderson (Eleanor Riley) of Brawley, who celebrated their twentieth wedding anniversary on Sunday (New Years Day) were the inspiration for a charming party given by Mr. and Mrs. Harold Stickney Saturday afternoon and evening at their home, 492 Eighth avenue.

The Stickney home was beautifully decorated for the auspicious occasion with baskets of the lovely pink carnations and sweet peas and more than one hundred guests came to extend congratulations to the honor guests.

At four o'clock a delicious buffet luncheon was served by the hostess, the luncheon table presenting a very attractive picture with its tall pink tapers tied with fluffy tulle bows, while a basket of the carnations and fragrant sweet peas was placed at one corner. Holding the center of the table was the "wedding cake" decorated with tiny white rose buds and we turtle doves.

Following the delectable menu, Mrs. Fannie Gay of Ontario delighted with a group of piano solos and Dr. A. J. Colgan graciously sang several lovely numbers. Roy McCarthy of San Francisco also contributed a group of beautiful vocal solos to the program. Mrs. Antennette Montgomery playing the accompaniments for Mr. McCarthy.

Mr. and Mrs. Anderson, the honorees, were married twenty years ago New Years day in Los Angeles and they have one son, Robert Anderson. Among those who came to wish them many happy returns of the lovely occasion and to spend the day with them on Saturday were Mr. and Mrs. W. H. Riley, Miss Gladys Riley, Miss Harriett Riley, Mr. and Mrs. A. J. Colgan and Jimmie Colgan, Mr. and Mrs. Eldon Atwood, Miss Jessie Brown, Mrs. Elizabeth Lehman, all of Upland; Mrs. Fred Fisher, Mr. and Mrs. O. C. Wetherbee, Mr. and Mrs. E. M. McCarthy, Mrs. Fannie Gay, Miss Hattie McCarthy, Ellis Pettenger, Mr. and Mrs. B. J. Furbish, Mrs. Libbie Pettenger of Ontario; Mrs. Carrie Carner of Pasadena; Mr. and Mrs. E. W. Bilge, Mr. and Mrs. B. E. Pettenger and Russell Pettenger of Los Angeles; Dr. and Mrs. C. E. Cole of Inglewood; Mr. and Mrs. H. J. Whitehead, Mrs. E. S. Chapin of Glendale; Mr. and Mrs. Donald Chapin of Temple; Mr. and Mrs. F. E. Anderson, Mr. and Mrs. E. M. Dozier, Mr. and Mrs. George Ryburn, Mr. and Mrs. S. R. Fitz, Mr. and Mrs. C. S. Holt, Miss Lova Holt, Nettie Chaffee, Lella Chaffee of Garden Grove; Mr. and Mrs. C. E. Broderson, Mr. and Mrs. Melvin Hooper of Redlands; Mrs. Antennette Montgomery and Roy McCarthy of San Francisco and the hosts Mr. and Mrs. Stickney and their little son, Billy.

U AND I CLUB MEMBERS AT MENGLIE HOME—

Dr. and Mrs. Claude P. Mengle, 282 Second avenue, are entertaining this evening, their guests being the members of the U and I Bridge club and a few invited guests.

The hostess has chosen an unusual color scheme for her decorations, the brilliant golden baby chrysanthemums are being combined with tall silvery grasses, the whole golden-silvery effect being one of great beauty. Auction bridge will be the evening's amusement, and as usual the gentlemen of the party will play against the women, and the scores will be kept and totaled at a later date. A dainty colation will be a feature of the late hour and Dr. and Mrs. Mengle's guest list includes Mr. and Mrs. William Atchley, Mr. and Mrs. Elmer Matthews, Mr. and Mrs. Harry Cavers, Mr. and Mrs. W. E. O'Brien, R. C. Norton and Dr. Harry Fredrickson.

BUSINESS WOMEN MEETING THIS EVENING—

Members of the Upland Business and Professional Women's Club and the 20-30 Club will meet this evening for a dinner and program at the Model Flat at Chaffey Union High school. Dinner will be served by the members of the Home Economics class under the direction of Miss Lillian Graves and the guests are asked to come promptly at six-thirty o'clock.

Featuring the evening's program will be an illustrated talk on our National Parks given by Miss Aurella Harwood and those who have had the pleasure of hearing Miss Harwood speak before, know that there is a treat in store for those fortunate enough to attend. Several members of the 20-30 Club will also present a spirited skit and community singing under the direction of Mrs. Fred McMullen will mark the entertainment.

COMING EVENTS IN SOCIETY AND CLUBDOM

Tuesday, January 3

Regular meeting of the Woman's Relief Corps at the Odd Fellows' Hall, Ontario, 2 p.m.

Dr. and Mrs. Claude P. Mengle entertaining members of the U and I Bridge Club at their home on Second Ave.

Friday, Jan. 6

Art class meeting with Mrs. H. W. Hawkinson at her home on West Tenth St., at 2:30 o'clock.

MRS. T. M. NICHOLS HAS BIRTHDAY PARTY—

Mrs. T. M. Nichols, who celebrated a birthday anniversary yesterday, was delightfully surprised when her children and grandchildren gathered at the Nichols home, 233 First avenue, yesterday afternoon, coming to spend several happy hours with their parents.

The guests came laden with gifts and good things to eat and at six o'clock a delicious dinner was served, a feature of the menu being a beautiful birthday cake that Miss Margaret Brest had baked for her grandmother.

The evening was informally delightful and among those who helped the honoree celebrate were Mr. and Mrs. G. A. Brest and their children Margaret and Darwin; Mr. and Mrs. Clyde Duncan, Mr. and Mrs. Frank Nichols and their little son, and Mr. and Mrs. Charles J. Dreher of Oroville.

GIVEN 200 DAYS IN LIQUOR CASE

After thinking it over for 24 hours, Dugan Morse, age 25, who was arrested with Genevieve Morse, 19, his wife, and J. G. Gallier, 28, following a raid by Ontario officers on a house occupied by them at 148 North Campus avenue, Ontario, Wednesday afternoon entered a plea of guilty to a charge of illegal possession of intoxicating liquor.

Judge George R. Holbrook, before whom the plea was entered, pronounced sentence of \$200 fine or 200 days in the county jail. When Morse failed to produce the amount of the fine, the jail commitment was issued.

Morse was arraigned before Judge Holbrook Tuesday and was given until Wednesday afternoon to plead.

Gallier Tuesday entered a plea of not guilty and demanded a trial by jury, which was set for Jan. 10.

Mrs. Morse, who was a ward of the juvenile court at the time of her arrest, is being dealt with by that body.

Henry Trask, Jr., who was also given until Wednesday afternoon to enter a plea on a charge of disturbing the peace following his arrest Sunday, decided he was not guilty. He asked trial by a jury of 12 men and the date of the hearing was set at January 22.

Trask appeared in court accompanied by his father and was wearing a bandaged head as the result of a fight in which he is alleged to have engaged with Manual Monroy, who Tuesday paid a fine of \$10 after having been found guilty on a similar charge.

MANY FROM DISTRICT AT ROSE TOURNAMENT

Heavy Traffic From This Territory On Monday To Annual Festival

With ideal weather inviting everyone to an outdoor holiday over-Sunday traffic on Southern California highways surpassed all previous records, and although most of the traffic was on its way to Pasadena for the annual Rose Tournament parade, mountain resorts drew record crowds in all parts of the mountains.

Camp Baldy Village and San Antonio Canyon entertained thousands of visitors Saturday, Sunday and Monday, and heavy traffic from Pasadena to Upland made driving difficult for those not experienced in handling their cars on crowded highways. There were many minor collisions and several were slightly injured, but very few met with serious mishaps.

The many-hued "Kingdom in Paradise" Beverly Hills float, swept through flower decked streets at Pasadena yesterday to win the grand sweepstakes in the annual Tournament of Roses.

Freshly picked blooms moulded in an enchanting courtyard scene earned the float the award for most beautiful entry.

San Marino's entry, "Springtime in New York," was declared most expressive of this year's theme, "States and Nations," in flowers.

Floral beauty shone from every part of the Beverly Hills float. Many colored rays, created in sweet peas, revolved on an axis about a golden sun.

300 Units Form Huge Procession

Lilies of the valley and gorgeous orchids had been woven into a robe for the queen, who was enthroned upon a seat of flowers. At her feet a stairway, of sweet peas and roses, led to a white tile courtyard. Before a background of heather sat two ladies in waiting.

It was estimated that more than 750,000 people saw the 300 units of the parade, with 90 floats and 27 bands, wend its way through the Crown City.

Beverly Hills also won in the civic section for cities over 40,000 population. San Marino was second and Glendale third.

Special prizes in the division went to San Francisco, San Jose and the Portland, Ore., Rose Festival.

National Orange Show Float Wins

Other results: Cities of 20,000 to 40,000—California Valencia Orange Show, first; Pomona Chamber of Commerce, second; National Orange Show, third; Sherman Institute and Riverside Chamber of Commerce, special.

Cities of under 20,000—Whittier Chamber of Commerce, first; San Dimas Chamber of Commerce, second; Sierra Madre, third.

Fraternals—Moose lodge of Southern California, first; Pasadena Elks, second; Knights of Pythias of Southern California, third.

Business and Manufacturing

Californians Once Active Filibusters

Motivated by the dual desire to achieve riches and to acquire new territory for the United States, many of the unsuccessful California gold-hunters of the '50s turned to filibustering, according to George Wycherley Kirkman, who writes in "The Filibustering Fifties" in the January issue of Touring Topics, official publication of the Automobile Club of Southern California.

Virtually all the filibustering campaigns of the period which were directed against Latin American countries were organized, and recruits enrolled, among the disappointed and excitement-craving emigrants who had sought the precious metal in the new El Dorado and failed to find it, Mr. Kirkman declares.

The first campaign of any consequence, it is related, was instituted by Morehead in 1850, and was directed, ostensibly, against the marauding Yuma Indians. This sortie revealed the profits of filibustering and soon became a forthright attack on Sonora, the writer declares. It was of short duration, however, and resulted disastrously for the invaders.

During the same year, Aleck Bell, one of Los Angeles' leading citizens, espoused the cause of one

Richfield Oil, first; Western Auto Supply, second.

Educational and Religious—Taft Union High, first; Salvation Army, second, and Pasadena High, third.

Boy Scouts—Troop 25, Pasadena, first; Troops 1 and 2, Monterey Park, second.

With little golden-haired Beatrice Mary Bromilow reigning as queen of honor the float entered by the Eighteenth National Orange Show was conspicuous in the festival of flowers.

The 5-year-old lass made a pretty picture as she rode down the thronged streets, holding the reins attached to two huge butterflies suspended at the front of the float as if drawing it.

She was sitting on a throne composed entirely of yellow flowers, in the form of a huge orange. Behind her another of San Bernardino's claims to fame—the natural arrowhead—was portrayed in green, studied with white flowers.

"General Flores," deposed president of Ecuador, enlisted a band of hardy mercenaries, sailed for arms in the tropical land and shortly was deceived, historians assert, by Flores and sent home. Other filibustering expeditions of the period, described by Mr. Kirkman in full detail, were those of the Marquis de Pindray and Count Gaston Raoul de Raousset-Boulbon against Sonora; William Walker's ludicrous attempt to "liberate" Sonora and establish the "Republic of Lower California," and his second venture, on a similar mission, to Nicaragua; Zerman's attack on Lower California, and the expedition of Henry A. Crabb to Sonora.

Save money

... use Commutation Tickets
On Way to Los Angeles

WHEN riding to and from Los Angeles use commutation tickets. They will save you from 10 to 50% of the regular fare on the Big Red Cars.

Pacific Electric transportation at the regular fares is far cheaper than any other form of transportation. With commutation tickets these savings are so much that you can not afford to miss taking advantage of them.

A penny saved, they say, is a penny earned. Thus commutation tickets earn you handsome dividends on their cost.

Inquire at your local Pacific Electric Station or write direct for complete information about this saving service.

Around Out Town

Mr. and Mrs. H. G. Humble were among those from Upland who attended the Pasadena Rose Tournament and later enjoyed the football game at the Rose bowl.

Mr. and Mrs. Lawrence Ball spent last evening with the later's parents in Corona. They attended the installation of officers of the Mason lodge.

Mr. and Mrs. Arthur Littlejohns, Mr. and Mrs. E. A. Holt and Miss Corinne Hedges motored to Pasadena yesterday.

Mr. and Mrs. Carl Nelson had as their guest yesterday at their home on First avenue Miss Carrie Erixon of Compton.

Mr. and Mrs. E. A. Boylan of Corona spent several hours Sunday visiting their son-in-law and daughter, Mr. and Mrs. Lawrence H. Ball.

Mrs. W. Schultz and her daughter Helen spent yesterday in Victorville where they visited Ward Schultz.

Mr. and Mrs. T. M. Nichols had as their guests for a few days at their home, 393 First avenue, Mr. and Mrs. Charles Dreher of Oroville.

Mid-winter Clearance this week! One group felt hats, \$1.00; one group felt hats, \$2.50. Coats, dresses, sweaters, lingerie—all at a reduction. Cress D. Grier Shop, 691.

The many friends of Mrs. A. R. Hungerford will be glad to hear that she is convalescing nicely from her recent illness and that yesterday she was well enough to be up for several hours.

Mr. and Mrs. W. E. Westland and their family and Mr. and Mrs. J. N. Beaubier and the former's sister Mrs. Barker, who are visiting here from Alberta, Canada, spent yesterday in Pasadena.

In the Rose Tournament parade yesterday many Upland people found a familiar figure for they discovered John Mehl, son of Mr. and Mrs. E. C. Mehl, playing a trombone in the Caltech Band.

Mr. and Mrs. George Duncan of San Diego were guests for a few days at the home of Mr. and Mrs. Edward Lutz, 701 East 11th street.

Mrs. Nona Franklin of Santa Ana, who has been spending a few days with Mrs. Eva Alford, left yesterday to return to her home, accompanied by Mrs. Alford, who will spend several days in the beach town.

Mr. and Mrs. J. J. Atwood have returned from Santa Barbara where they have been spending a few days with their son, Warren Atwood.

Miss Judith Bordwell, who has been spending the holidays with her parents, Mr. and Mrs. R. B. Bordwell, left yesterday for Tucson where she is attending the University of Arizona. Miss Harriett Hiller, who is also a student at the same school, returned to her studies on Sunday.

Mr. and Mrs. Morris E. Reynolds and their two children and Mr. and Mrs. D. C. Morrison and their son Kenneth spent the New Year's day with Rev. and Mrs. E. S. Reynolds at Glendale. Yesterday Mr. and Mrs. Morrison and Kenneth were guests of Mr. and Mrs. Albert Jackson of Pasadena.

Mr. and Mrs. Everett Fuller and their son Roger and Ralph Ware arrived in Upland last Thursday from Bakersfield and visited friends here until today when Mr. and Mrs. Fuller left for their home. Mr. Ware, who has completely recovered from his recent illness, will remain here.

Mr. and Mrs. J. B. Leaman, accompanied by Mr. and Mrs. Duane Ammerman of Arlington, Mr. and Mrs. Charles Foster of Riverside, Mr. and Mrs. Enos Leaman and Mr. and Mrs. Harry Woltman motored to Pasadena yesterday where they enjoyed the Rose Tournament and later drove to Monrovia where a delicious picnic lunch was enjoyed at the park.

Mr. and Mrs. Amos Colborn, Mr. and Mrs. Charles Deverts, Mr. and Mrs. L. N. Kirk and Mr. and Mrs. C. K. Francisco spent yesterday afternoon at the fire boy's cabin in the San Antonio canyon, a radio taken along by Mr. Colborn helping to while away the time and giving the party the returns of the Pasadena football game.

Mr. and Mrs. C. E. Tyler and Mr. and Mrs. F. B. Harn spent yesterday at Pasadena enjoying the parade and later motoring to Altadena where they viewed the mile of beautiful Christmas trees.

Mr. and Mrs. C. C. Tarpley spent the week-end with their daughter and son-in-law, Mr. and Mrs. Orville Strickland of Los Angeles. The Upland folks returned home last evening, accompanied by Mrs. Strickland who will spend several days here.

Salvage Shop In Need Of Further Supplies

Workers at the Upland Salvage Shop are sending out an appeal for supplies of which the little shop is so much in need, and they are urging all their friends to send their donations no matter how big or how small, just as soon as possible. To give to the Salvage Shop is to fill a three fold purpose, for not only does the shop sell to those who cannot afford to buy from the regular stores but where people are not able to pay even the small sum asked, supplies are gladly given free of charge. Then there is the San Antonio Community Hospital debt, which was one of the main reasons for which the Salvage Shop was originated and during the two years that the shop has been operating more than three thousand dollars has been paid toward the original debt.

With Christmas just gone by surely there are people in the community who have received duplicate gifts or perhaps some have even a few white elephants that they are at a loss to dispose of. Why not pass these things on to the Salvage Shop, thus not only lessening one's own worries but at the same time bringing joy to the seekers of "white elephants" who haunt the little store seeking the unusual.

The Upland Salvage Shop belongs to the people of the community and as such every man, woman and child should take a personal interest in the welfare of the little center and should make a concerted effort to keep the place well stocked with merchandise.

The store is open every Tuesday and Saturday and interested workers are on hand to help the customers with their purchases and to give courteous information when it is asked. Any one having donations for the store and who are not able to bring them are asked to get in touch with Mrs. Harry Flowers or Mrs. G. A. Hanson and either one of these women will see that the donations are called for and delivered to the Salvage Shop.

CUCAMONGA GIRL SLIGHTLY INJURED

Evelyn May Parker, 11 year old granddaughter of Mr. and Mrs. George E. Keyes of Base Line, was taken to the Community hospital Wednesday afternoon, suffering a deep cut in one foot which she received when she fell off a sled on which she was riding at Wrightwood Wednesday.

Two tendons of one foot were cut by the sharp runner of a sled necessitating Evelyn's remaining in the hospital several days until the progress made by the injury in healing is fully determined.

Evelyn lives in Pasadena. Wednesday she and a party of Pasadena girls, with Helen, daughter of Mrs. Keyes, went to Wrightwood for a day in the snow.

Just before time to leave for home, they wanted one more sled, so hooked two sleds behind an automobile. Evelyn fell off and the second sled passed over her foot. She will be confined to San Antonio Community hospital several days while physicians watch progress of the wound in healing.

Wednesday's visit to the mountains gave Evelyn her first glimpse of snow.

Mr. and Mrs. J. B. Leaman, accompanied by Mr. and Mrs. Duane Ammerman of Arlington, Mr. and Mrs. Charles Foster of Riverside, Mr. and Mrs. Enos Leaman and Mr. and Mrs. Harry Woltman motored to Pasadena yesterday where they enjoyed the Rose Tournament and later drove to Monrovia where a delicious picnic lunch was enjoyed at the park.

PREDICTION OF SOUTHLAND QUAKE REFUTED IN TALK

Prophecy Was Based On Erroneous Calculations In U. S. Survey Proved By Dr. Robert T. Hills At Cleveland

Southern California is not due for a severe earthquake "within from three to ten years" as predicted by Dr. Bailey Willis, of Stanford University.

Dr. Willis' theory, based on observations and calculations purporting to show that the crust of California is moving horizontally in definite directions on opposite sides of the San Andreas fault, was exploded by Dr. Robert T. Hills, former professor of geology at the University of California, Los Angeles, in an address last week before the Geological Society of America at Cleveland.

Proves Government Survey Incorrect

Dr. Hills established conclusively that Dr. Willis' deductions were based upon an old erroneous report of the U. S. Coast and Geodetic survey and confirmed his claim that the report is incorrect by a telegram from the department of commerce in Washington, which admitted mistakes in triangulation.

Dr. Hills said in part: "The good name of Southern California has been deeply hurt by others who have used an error of scientific statement as the foundation for the propagation of sensational alarms about earthquake dangers in Southern California."

"I will go so far as to say that in no portion of the United States or any of its territories over which the flag flies is there a place so free from natural disasters as Southern California."

Earthquake Insurance Rates Soar

"It is hardly necessary to state that the response to these theoretically founded, and as I shall prove, unsubstantiated prophecies, was a prompt raise in the earthquake insurance rates, which has probably brought more revenue in dollars and cents than the total loss by all the earthquakes in Southern California within the knowledge of human history, or likely to be incurred for hundreds of years."

"I have carefully investigated the basis for these allegations and feel that I can now challenge each of them."

"As to his theory of alternate occurrence between Northern and Southern California, Dr. Willis didn't take into consideration the fact that his rift line, which runs across Southern California, continues from Alaska down by San Francisco and that it doesn't stop at our and that it doesn't stop at our southern boundary, but goes farther south into Mexico and the tropics. I have been in Mexico where they have had very serious earthquakes along this line."

Scientific Prophecy Exploded

"Since Dr. Willis made his predictions that the next major release was to take place in Southern California, three major releases have taken place along the Pacific Coast belt of seismicity, not one of them in Southern California."

"And now comes a remarkable denouement to this story. The fabric of all the alleged scientific prophecies has been based upon certain triangulation observations of the United States coast and geodetic survey—the last word in delicate earth movements—before and after the San Francisco quake of 1906, from which it was deduced that the crust of California is moving horizontally in definite directions on the opposite sides of the San Andreas rift the definite number of 24 feet in 30 years."

Crust Not Moving Along Fault

"No such movements from south to north in the coastward side of the San Andreas rift, as previously deduced, have taken place. That Gaviota peak, for instance, instead of having moved 24 feet in 30 years if at all, had moved southeastward 4½ feet."

Finally, the data presented absolutely cancel and deny every proof of the alleged stresses and strains upon which Dr. Willis' predictions were founded. They have not left his propositions a foot to stand upon."

PARISIAN GARDEN IS DECORATIVE EFFECT

Work of Decorating Mammoth Stage For Orange Show Is Started

Splendor and pomp will mark the elaborate decorations which will greet visitors to the Eighteenth National Orange Show to be held in San Bernardino February 15-26. The beauty of a Parisian garden combined with a Gypsy carnival scene, myriads of lights, gorgeous hanging crystal lamps—all will be combined in a decorative ensemble that is expected to outlive anything heretofore attempted by this organization.

The work of decorating the mammoth orange show building has started. Six weeks will be required to do the work. Winding walks with trees and grass, a ceiling draped with French blue cloth, 26 flood lights, small colored lights, lavender, rose and blue cloth hanging from the walls—this brief description gives an idea of what is in store for the visitor to what is called the most beautiful exposition in the world.

The mammoth stage is to be transformed into a Parisian ball room scene. Combined with a score of beautiful feature displays, a rack display in which millions of oranges will be fancifully portrayed, music and song the Eighteenth show is expected to reach the climax in exposition beauty and completeness.

Decorations of a similar character will be hung in the automobile section, industrial department, machinery section, by products department and cafeteria and these decorations alone cost a huge sum—just a part of the plans of the orange show management for the visitors to the big mid-winter classic next month.

California is moving horizontally in definite directions on the opposite sides of the San Andreas rift the definite number of 24 feet in 30 years.

Crust Not Moving Along Fault

"No such movements from south to north in the coastward side of the San Andreas rift, as previously deduced, have taken place. That Gaviota peak, for instance, instead of having moved 24 feet in 30 years if at all, had moved southeastward 4½ feet."

Finally, the data presented absolutely cancel and deny every proof of the alleged stresses and strains upon which Dr. Willis' predictions were founded. They have not left his propositions a foot to stand upon."

PROMINENT MAN TO TAKE JUDGE LYMAN'S PLACE

L. T. Miller, well known business man of Bloomington, was Tuesday named justice of the peace of that community by the board of supervisors after being highly recommended by Supervisor Milton P. Cheney, whose district includes the neighboring town. Mr. Miller succeeds Judge Lorenzo Snow Lyman, widely known pioneer of the San Bernardino valley, who died suddenly last week.

Bloomington's new judge is one of the well known real estate and insurance brokers of this locality and at present conducts offices at the nearby town.

Prior to opening his present line of business Mr. Miller conducted a restaurant on the Valley boulevard in Bloomington and he has for many years been one of the active community leaders where he lived.

Fund Transfer Authorized

Although R. H. Lundy failed to provide for the support of his family while at liberty, he will do so for the next two years as the result of the action by supervisors who today ordered that \$30 monthly be set aside for the purpose as it is earned by Lundy at the county prison camp.

Transfer of various departmental funds in line with recommendations of Auditor V. L. Roth was authorized today before the board adjourned for an afternoon special continuation session.

LEGAL NOTICES

Notice of Assessment

ETIWANDA WATER COMPANY, PRINCIPAL PLACE OF BUSINESS, ETIWANDA, SAN BERNARDINO COUNTY, CALIFORNIA.

Notice is hereby given that at a meeting of the Directors of this Company, held on December 20, 1927, an assessment, No. 91, of \$2.00 per share, was levied upon the capital stock of the corporation, payable at once to the Secretary of the Company, at his residence in Etiwanda, California.

Any stock upon which this assessment shall remain unpaid on the 31st day of January, 1928, will be delinquent, and will be advertised for sale at public auction, and unless payment is made before, will be sold on the 25th day of February, 1928, to pay the delinquent assessment, together with costs of advertising and expenses of sale.

T. DONNELLY, Secretary.
By order of the Board of Directors,
December 20, 1927. Etiwanda, Cal. 6617

F., and the plaque is the gift of the Glover Post of the American Legion of New Haven, Conn.

Cucamonga - Alta Loma News

Festivities at Milliken Home

The home of Mrs. A. K. Milliken and daughter, Miss Ruth Milliken of Haven avenue and Arrowhead boulevard has been the scene of numerous merry and attractive affairs during the Yuletide holidays, as is the annual custom at this hospitable home, which is elaborately decorated for the festive occasions. At each end of the long living-room stands a brilliantly lighted Christmas tree, while the home throughout is profusely decorated with juniper berries, wreaths and silver stars.

On the Friday evening preceding the holidays the Milliken home was thrown open to members of the Nu Alpha Phi Fraternity of Pomona College, of which fraternity their son and brother, Dan Milliken, attending Harvard University in the east, is a member, who entertained with a unique affair, their annual Christmas dance, bringing over from Pomona their own decorative scheme and orchestra for dancing. Transforming the living and music rooms to represent the deck of a pirate ship, plus gangplank at the entrance and all the paraphernalia of skull and crossbones, stuffed animal heads, weird posters, a huge mysterious chest, even to a live parrot which greeted loudly each arrival of a frat pirate and his accompanying "piratical lady," was the speedy work of the committee on decorations. Invitations, place favors, were ragged odds and ends luridly printed in red ink, with vividly painted dishes and pirate mugs all conveying threats most dire and other blood and thunder symbols. Rooms were darkened, with only the shimmering rays of candles casting their ghostly shadows on the scene. The visiting pirates, frat boys and their guests to the number of forty-eight, danced and made merry on the mythical deck of the pirate ship.

Refreshments stressed the skull and crossbones motif on decorated cakes served with the blood-red punch; as the gay evening waned, the ship cast anchor and farewell greetings for a Merry Christmas and a Happy New Year attested their appreciation of the gracious hospitality of the Milliken home.

Children's Christmas Party

Forty-eight gay little invitations were received by forty-eight little folk, junior friends of Miss Ruth Milliken, bidden to her annual Yuletide party for children on Thursday afternoon of last week, a treat indeed, with Santa Claus and everything. Owing, however, to the inclement weather and illness among the youngsters, only 24 with their mothers were able to attend the delightful affair.

Center of attraction was, of course, the two big Christmas trees and a huge Santa Claus chimney, which furnished the background for much speculation, as well as the means for a lively game of throwing the Christmas stockings up the chimney. The appearance of old Santa Claus was the signal for another thrill, each child being presented with a big red balloon and a very red lolly-pop; then the excited young guests with many a wave and parting admonition regarding future visits, watched old Santa prance away in his 1928 model.

Dinner Party Entertains

On Friday evening preceding New Years eve, Mrs. Milliken and Miss Ruth Milliken were hostesses at a dinner of smart appointments, their guests being a group of friends, Mr. and Mrs. Theodore Krysto of Big Bear Lake, now spending the winter in Alta Loma, Mr. and Mrs. Leonard A. Smith of Alta Loma, and Dr. and Mrs. Miller of Fontana. Following the dinner hour, the evening was pleasantly passed at the bridge tables.

Orchard Property Changes Hands

Consummation of a three-cornered deal here this week is announced by I. T. Jamieson, one of Cucamonga's pioneer deciduous growers, now retiring from active ranch work, in the sale of his choice 20 acre peach orchard and home place on Archibald avenue, one block south of Foothill boulevard, to Oscar Arnold of the Ontario First National Bank. Mr. Jamieson taking in exchange the Casa Blanca garage building on West A street, Ontario, with some cash consideration. Mr. Arnold then exchanging the property for valuable vacant land holdings in Ontario owned by the Lucas Ranching Company, so that the latter company are now the owners of what is considered one of the finest deciduous orchards in this district. Mr. Jamieson having himself set the acreage about four

Family Gathering at Van Fleet Home

The home of Mr. and Mrs. Frank B. Van Fleet on Archibald avenue was the scene of a happy family gathering on Christmas day, each member of the family contributing something toward the bountiful turkey dinner, to help make things "easy for mother," who superintended roasting of the deliciously browned turkey with all the holiday trimmings. All but two daughters of the family, Mrs. Howard Krauder of Alameda, Calif., who was detained at home on account of the illness of her little boy, and Mrs. Chas. Church and family, who reside in the east and were unable to journey so far for Christmas. Twenty-one members of the family present were Mr. and Mrs. Herbert Bray and four daughters of Santa Ana, Mr. and Mrs. Geo. Stafford of Oceanside and Ontario; Mr. and Mrs. Fred Austin and small daughter, Cucamonga; Mr. and Mrs. Nelson Van Fleet, Jr., and two children, Cucamonga; Alma, Helen, Ruth and Stanley Van Fleet and the hosts, Mr. and Mrs. Van Fleet.

Leave Hospital for Home

Barring no complications set, Evelyn Mae Parker, seventeen year old granddaughter of Mr. and Mrs. Geo. E. Keyes of Base Line, and daughter of Mr. and Mrs. H. L. Parker of Pasadena, was taken home from the Community Hospital on Saturday. The girl was severely injured on Wednesday when she fell from a sled while enjoying stunts in the snow with a party of friends at Los Angeles Play Ground, the sled, heavily loaded, following her own passing over her foot, severing the tendons and necessitating an operation or tying of the cords.

Mr. and Mrs. Geo. E. Keyes and daughter, Miss Helen, and their house guest, Mrs. Agnes Hyslop Snider of Napa, Idaho, left Saturday for Pasadena to spend the holiday week-end and enjoy the rose tournament. Mr. and Mrs. Parker arrived recently from Pasadena, Mrs. Parker remaining here with her mother, Mrs. Keyes, while Mr. Parker made the trip back and forth.

Mr. and Mrs. C. B. Motsinger, with their nephew and guest, Bobby Hanson of Riverside, went to San Bernardino Thursday afternoon where they saw some film plays.

Mr. and Mrs. Ray R. Ford and son Robert, of Archibald avenue, were hosts at Christmas dinner last Monday, their guests being parents of Mr. Ford, Mr. and Mrs. J. B. Ford of Upland and their daughter and family.

Mr. and Mrs. Ewing Shoemaker and three children of San Bernardino were house-guests on Wednesday and Thursday at the home of Mr. and Mrs. W. J. Kincaid, leaving for home Friday morning.

Mr. and Mrs. W. J. Kincaid spent New Years Day visiting relatives in Pasadena and enjoying the rose parade.

Robert Owen of San Francisco, who spent the Christmas holiday time with his wife and her relatives here, Mrs. M. J. Reid and Miss Gertrude Reid of Hellman avenue, left for his home in the northern city Thursday. Mrs. Owen, who is recuperating after a recent severe illness with the flu, will remain longer with her mother and sister until stronger and able to travel to San Francisco.

Mr. and Mrs. George Klusman and son George Jr., enjoyed a festive Christmas celebration at the home of Mrs. Klusman's brother, L. D. Oliver and family in Lankershim.

Mr. and Mrs. H. T. Blake of Alta Loma motored to Santa Monica where they enjoyed Christmas Sunday and Monday with Mr. Blake's mother and sister.

Mr. and Mrs. John Klusman and children, John Jr., and Margaret, spent Christmas at the home of Mrs. Klusman's mother, Mrs. M. Craig in Los Angeles.

BATTLE AGAINST "SOB STUFF" FOR HICKMAN URGED

Judge Allison Says Now is the Time To Stamp Out "Mercy Sentiment"—Foresees Imprisonment Plea

"Right now is the time to head off the usual 'sob sister' stuff which clogs the wheels of justice in America every time some criminal gains wide notoriety," warned Superior Judge Charles L. Allison Wednesday in urging that universal expressions of public sentiment should indicate that William Edward Hickman, Los Angeles slayer must pay the penalty of death for his atrocious crime.

"Unless people start right now a deliberate campaign of demanding that Hickman be meted out the same justice which is given to lesser murderers, there will soon be a concerted 'sob brigade' enlisting nation-wide strength in its demands for 'mercy' to a terrible murderer.

Urges Sentiment Killed "There is just one sure way to head off this misguided sympathy for one who is beneath the comprehension of ordinary decent people, and that is to stamp out every vestige of such sentiment as fast as it is detected."

This prediction of concerted attempts to hinder justice in its disposition of the Hickman case and its remedy was offered today by the local jurist when the question of punishment of the brutal young murderer was brought up before him.

Judge Allison claims that right now in various quarters the "sob sisters" are forming their ranks preparatory to rallying forth in the "cause of mercy" with no thought of the unbelievable lack of this human quality which the killer gave when he wantonly butchered little Marion Parker.

Foresees Imprisonment Plea

"Life imprisonment will be demanded on so many different grounds and pleas that justice is apt to become confused with politics and Hickman will be sent to Folsom with the stern intent of the courts to keep him there for life," explained the local jurist, and added, "then when a few years from now, 'we, the people,' have forgotten all about Hickman and his crimes, which have faded behind a maze of subsequent world starting events and disasters, perhaps including a new war, the parole board will quietly parole 'Mr. Hickman,' who, with the service of a short prison term, has escaped the penalty of one of the nation's most terrible crimes.

"Let us meet every hint of this misguided 'mercy' with the stern and just demand for retribution and block at its sources every tentative effort to build up public sentiment which may hinder the fair working of the machinery of the courts of California," urged Judge Allison.

PARTY LEAVES FOR PRISONERS

Deputy District Attorney James L. King and Mrs. King and Deputy Sheriff Fred Weaver left Friday for Akron, Ohio, where they will take custody of H. S. Conover, former Fontana garage owner and his wife, Mrs. Ada Conover, indicted by the grand jury on charges of embezzlement and grand theft.

Mrs. King will act as matron in returning Mrs. Conover here. The party went by way of Sacramento, where they will secure extradition papers for the return of Conover and his wife.

The indictment charges the embezzlement of an automobile valued at \$1,500 which was being purchased under contract from O. K. Chitwood, San Bernardino automobile dealer, and a finance company.

Not a Drop

Minister (who had dropped in unexpectedly): What a delightful thing to see the young folks filled with Christmas cheer. All so gay, so animated!

Host: Er—I don't suppose you touch the stuff yourself, sir?—Judge.

Miss Dorothy McCleary and brother Bob were Christmas holiday guests at the home of their aunt, Mrs. E. S. Bishop, returning to their home in Los Angeles last Tuesday afternoon.

Mr. and Mrs. Jos. Vizio of the Cucamonga Feed & Fuel Company, are driving a new Studebaker sedan since Christmas. The Vizio family enjoyed Christmas holidays motoring in their new car to Baldwin Park, where they spent the day with Mrs. Vizio's father.

JURIST DRAWS TRIAL VENIRE

List From Which Juries Will Be Selected Announced In Court—Three Local Men are Named For Duty

Venire from which trial juries to serve in Superior Judge Charles L. Allison's court during the next 90 days was drawn Tuesday. The venire, instructed to report Jan. 3, 1928, for service, include:

Fred C. Holland, C. C. Seitel, Dick Palma, Dresden R. Kilbourne, Mrs. Mary B. Coy, John Collins, Claude H. Allison, Fred W. Henderson, Edna G. Bromilow, J. B. Webb, Byron W. Allen, Olive A. Wells, E. W. Hohlstedt, C. Cowgill, E. J. Krause, Fred W. Lamb, James B. White, Herbert Chandler, F. B. Hewitt, W. M. Wells, Mrs. Anna Ralston, David Hucksby, J. T. Roberts, Peter Fiscus, Carl Dodson, George S. Mott, Hubert L. Manker, Mrs. Della Ford, J. K. Smith, Jacob W. Allen, William G. Culross, L. W. Blake, John J. Cottrell, Henry B. Ellin, Leroy Bishop, Wm. E. Layton, H. L. McLain, C. J. Daley, H. H. Dilworth, Mrs. Geo. W. Hellyer, Henry Wilson, Miles E. Benson, Lorin M. Bemis, Mrs. Ida P. Webster, John M. Hayman, Mrs. Helen F. Worden, Oscar A. Peterson, Jos. A. Albright, Earl J. Head, Melville J. Baldwin, T. A. Gaume, Wm. H. Richards, I. Albert, E. S. Johnson, James C. Stewart, Laura S. Raabe, William S. Avery, Elmer L. Heath, Mrs. Maye Luce, Mrs. Nita B. Humbley.

Merry Christmas was happily celebrated in the home of Mr. and Mrs. O. P. Whitney on San Bernardino Road, their guests at a turkey dinner being Mr. Whitney's parents, Mr. and Mrs. F. W. Whitney of Ontario; Mr. Whitney's aunt, Mrs. M. Beebe, also of Ontario; Mrs. A. Sargent of Long Beach; Mr. and Mrs. Odie Allen and daughters, Olice, Lois and Gladys of Fourth street.

POLITICAL POT HERE TO START BOILING SOON

Republican County Chief Will Call Committee Meeting After January 1—Busy Year Ahead

San Bernardino county's Republican political pot will start to boil directly following the holidays according to Col. Byron W. Allen, chairman of the Republican County Central Committee.

The director of Republican politics in this county expects to call a party conference early in January, he states, and at that time the activities of the party for the new year will be mapped out. That the season will be one of the busiest ones in recent political history is claimed by spokesmen of the party in the county, who today discussed 1928 prospects.

Party Claimed Strong Colonel Allen states that holiday business activities and the spirit of Christmas has caused a decided lull in politics all over the county, but that with the decks cleared for the new year the full energy of the powerful Republican machine will be felt in the planning of one of the most comprehensive campaigns in recent years.

Claiming that their party is strongly entrenched in state administration, leaders of the Republican party united in predicting brilliant prospects for 1928.

Prospects Are Good Earle W. Paul of Upland, who three years ago led the party's forces as county chairman, states that a highly encouraging prospect faces the Republican organization of Southern California and the state and nation.

Wells Ross of Ontario, who preceded Colonel Allen as county chief, stated today that the Republican party will swing into active work immediately after the first of the year following its initial 1928 session at the call of the county leader. He agreed with his colleagues in predicting a busy program during the coming year.

Only the term "bootlegger" is left to remind a shoe clad nation that it was not always such.—The Cincinnati Times-Star.

MANY VISITORS AT YOSEMITE PARK

Yosemite National Park grows continually more attractive as huge travel increases bring about further development of roads.

It is indicated by reports from the playground that attendance this winter season will be greater than last. Already the travel figures show an approximate gain of 37 per cent in the number of visitors for the first two months of the 1928 season as compared to last October and November. Ice skating, snowshoeing, skiing and tobogganing on the newly constructed half-mile slide are now in full swing in the park with snow conditions ideal, it is said.

The all-year highway into the park is now in excellent shape, according to advices to the Automobile Club of Southern California touring bureau, although improvements are being made in places at this time. The short loop road near Camp Curry, the remaining link unimproved on the floor of the valley, is to be constructed in the near future, according to plans. Four new bridges are also under construction with plans underway to begin building another. Many visitors are expected in the park over the holiday season to participate in the winter sports.

WHY PAY MORE?
